

Fallowlees
Northumberland

I have a small holding in rural Northumberland where I farm a flock of 400 cross bred ewes and a herd of 20 cows. Dogs have been my passion since I can remember, I cut my teeth in agility and obedience with a sheepdog as a teenager. Now training dogs to herd is not only my hobby, but my career.

Hi lights of my training include becoming Reserve English National champion, winning the English Nursery Final twice, and becoming a World trial semifinalist. I enjoy every aspect of my job and take a pride in rearing healthy well-structured balanced dogs.

The MAS is a good fit for my active lifestyle and I look forward to showcasing the breeds versatility in herding and agility, hopefully giving the collies a run for their money!!
